**Champion** Senior Category - Central Division

This year I had a lot of fun with my horses Bud and Bender. The last season show past really fast. I enjoy hitching and showing horses. It has been my passion for a long time. I remember my first cart class, I was 9 years old. I was so excited and it hasn't change at this day. I'm director on the Releve Hippique du Québec since 2007. Maybe someone could take the girl out of the fair but nobody could take the fair out of the girl. I hope next season show will be agreeable, and I wish you all a good one!!!
